

CDLC Announces an Emerging Technologies Program
 Sponsored by RAAC – CDLC’s Regional Automation Advisory Committee,
 the Mohawk Valley Library System, the Southern Adirondack Library System,
 and the Upper Hudson Library System

**The Future is Not Out of Reach:
 Change, Emerging Trends, 2.0, and Libraries**

A presentation by
[David Lee King](#)

David Lee King is the Digital Branch & Services Manager at Topeka and Shawnee County Public Library in Topeka. He's written and spoken at conferences about websites, digital experience, working with techies and other technology-library related topics.

May 7, 2009

**Clifton Park-Halfmoon Public Library
 475 Moe Road, Clifton Park, NY 12065**

Change is good, but sometimes it is also hard. Emerging tech trends are also good, but sometimes the change needed to implement those emerging trends feels like scaling a mountain! David discusses the current social networking transformation taking place, and applies those changes to a library setting. Then David will discuss the changes a library needs to make to meet and participate in our new online, participatory world.

AGENDA

- 9:30 am Registration/Light Breakfast
- 10:00 am Presentation
- 12:00 am Lunch
- 4:00 pm Program concludes

Please use the attached Registration Form. Send the form with your check made out to CDLC to: CDLC, 28 Essex Street, Albany, NY 12206.

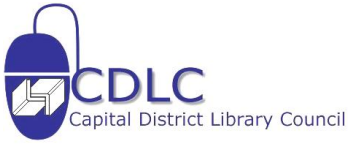

Registration deadline is April 30, 2009.

Directions to the Clifton Park-Halfmoon Public Library can be found at:
<http://www.cphlibrary.org/about/hours-location.shtml>.

Library Journal says: “Librarians agree: David Lee King is your go-to guy for simplifying complex technology. King's real focus, though, is not on the technology itself. ‘It is,’ he says, ‘making sure our focus stays on the user rather than on the great features of new web sites or technology.’”

**This Emerging Technologies Program is partially funded by the
 Regional Bibliographic Data Bases program**
