Why Advocacy Matters

Building an effective advocacy network requires ongoing efforts by library staff, boards, and supporters. Every day library advocates are called on to speak up about the value of libraries and help decision-makers understand how important libraries are to their community. Public libraries advocate to ensure that they have the resources they need to provide high-quality services to the community.

Both your library and SALS depend upon state taxpayer-based funding. NYS Library Aid is allocated each year based on Education Law formulas. State funding comprises 94% of SALS funding, and the infrastructure SALS provides to enable 34 libraries to share resources and costs they cannot afford individually. The SALS 2019 budget is based on a 5.41% cut from full funding as required by law.

2020 Legislative Priorities

Increasing State Library Aid to $200M to Reflect Resources & Services Provided

- New York State Education Law contemplates State Library Aid of $102.6M for FY 2020-2021.
• State Library Aid in the FY2019-20 enacted budget was 96.6M, placing library aid at 2008 funding levels.
• The Governor proposed cutting Library Aid by $5M in his Executive Budget address.
• More than $118M in contemplated statutory State Library Aid has been withheld since FY2007-2008.
• Increased aid is needed to support the foundational framework of New York State libraries, improving the lives of residents of all ages, abilities and economic status.
• Persistent underfunding has disenfranchised millions of vulnerable New Yorkers who lack access to information resources and trusted, community-based information professionals.
• Information inequality plagues vulnerable, marginalized, and historically oppressed populations.

**Reminders**

• Library usage and demand for services are surging statewide.
• Libraries are a core component of our state’s educational infrastructure—Libraries are Education.
• Libraries are critical for access and equality.
• Library systems are models of shared services

**Fund the New York State Library Construction Aid Program at $75M**

• Funding for the Program was stagnant for nearly a decade until recent investment by the Legislature in 2018.
• In January 2020, the Governor proposed to once again reduce funding—cutting the Program by $20M.
• Increased investment is needed to maintain and develop the physical infrastructure of New York State’s libraries, in order to ensure a safe, accessible and sustainable environment for the future.
  o The accumulated capital needs forced the sale of library buildings and has eroded operating funds for maintenance.
• The most recent available data provided by the New York State Education Department’s Division of Library Development (DLD) articulates an existing $1.5B in capital needs statewide.
  o Over half of New York’s libraries are over 60 years old.
  o 25% are not accessible to differently-abled patrons

• The Programs provided an immediate and efficient return on investment while boosting local economies; since 2007, state investment has leveraged more than $500M in local funding—a 5:1 return.

Reminders

• New York State’s public libraries are rapidly aging.
• Public Libraries require capital investment to accommodate high-speed broadband infrastructure.
• Public Libraries desperately require energy-efficient infrastructure upgrade.
• Public Library capital needs have been comparatively underfunded.

Equal Access to School Libraries and Librarians

S2421 Kaplan / A2444 Solages

This bill, currently in the Education Committee of both the Assembly and Senate, requires all school districts to maintain a school library in each elementary and secondary school and to employ a certified school library media specialist for each such school library.

Background:

All students have an inherent right to equity of instruction in information literacy, and it is needed now more than ever. Under current law, elementary school students are not guaranteed instruction in information literacy skills.

Impact:

Passage of this bill would help ensure that all students are college or career ready.

Training for Library Trustees

S7285 May / A9551 Ryan
This bill, currently in Senate Education and Assembly Libraries and Education Technology would require board of trustee members to complete a minimum of two hours of continuing education credits per year.

**Background:**

Library trustees play an important role in the success and long-term growth of their libraries. Their actions effect policy, personnel and finances. Currently, the state does not require library trustees to obtain any formal training.

**Impact:**

Passage of this bill would ensure that those choosing to serve their libraries as a trustee, have the comprehensive and necessary information to be successful.

**Additional Legislation Affecting Libraries**

**S7576 May (Access to E-Books)**

This bill, currently in the Senate Consumer Affairs Committee, requires that publishers who offer electronic books to the private market, also extend licenses to libraries within the State, without discrimination. Contracts would stipulate “reasonable terms” that would allow libraries across the state, and their patrons, to have equitable access to the content they seek.

**Advocacy Checklist**

Advocacy is a year round activity, make sure you keep in contact with your local officials to build positive working relationships with them.

- Add your legislators to your mailing list
- Follow them on Facebook and hope they follow your library in return. Share their posts and post on their wall. On Twitter start a conversation or give them “shout outs”; on Instagram don’t forget to #hashtag
- Invite them to visit you in person for a library tour or an event. Make sure there are a lot of people expected to attend the event for photo opportunities. A Summer Reading event is often the perfect opportunity since the legislative session normally concludes in early July.
Join SALS at the Library Advocacy Day in Albany to meet with your legislators in person. SALS provides limited free transportation to this annual event held in February.

Document and celebrate how essential your library is with Snapshot Day in February.

Write/call legislators a few times each year and always send thank you notes when you get a response.

Post a “Contact your Officials” button and “Library Value Calculator” on your website and Facebook during legislative alerts.

Join the NYLA Action E-list to receive timely alerts about email campaigns when libraries need support.

Get the local media involved: Write letters to the editor (trustees too) and ask the paper to support libraries with an editorial.

Use the PLA Project Outcomes results to tell your story.

Protocols for Meeting with Legislators

1. Be on Time and Prepared

Legislators are busier than most folks and often have multiple appointments and time commitments in a day. Being prompt allows you more time with the legislator to get your points across. Being prepared is essential to getting your message across; rehearse ahead of time what you are going to say, bring materials from NYLA’s website, and information available from other reliable sources that backs up your statements. If you have any questions about what to say or how to say it, please do not hesitate to email or call NYLA’s Executive Director at director@nyla.org or (518) 432-6952.

2. First Impressions

The first thing you should say is “thank you” for being a library supporter. Most legislators are part of the silent majority that support libraries, or have given member items to local libraries or supported increased funding for schools. The purpose of the advocacy is to get them to convert their silent support into a more active and visible role, like speaking up in conference (meetings with their fellow senators or assemblymembers of the same political party) or writing letters to their legislative leadership (i.e., the speaker or majority leader).

3. Roles of Advocates

If you are going to see a legislator with a group of colleagues, try to bring a diverse group of constituents, i.e., public, school, academic library personnel. Someone should
be appointed to be the meeting facilitator, who speaks first, introduces folks, designates certain members to speak on particular issues of expertise and wraps up the meeting. Another advocate should be designated the note taker, who records what happened at the meeting and the legislator’s response. This person should also record any additional information that needs to be sent to the legislator or follow-up taken by NYLA.

4. Meeting Tone

Advocates are there to educate legislators about the issues and not to berate or lecture them. Remember that honey always works better than vinegar. You want to educate them about the lack of adequate state funding for libraries and what that means to their local public libraries, library systems, school libraries and academic/research libraries. Never get belligerent or angry. You can express frustration and disappointment at the lack of proper funding for libraries, but do not get mad at the legislator.

5. Stay on Message

Many legislators like to talk about their involvement with libraries, or how they know someone involved in libraries, and that is fine and can be helpful if you are able to make a personal connection with the legislator (i.e., legislator’s cousin works in your library or their son is a student in member’s school, etc.). However, do not let too much of your limited meeting time be used to talk about these pleasantries. You need to bring the conversation politely back to your message of wanting the legislator to take action in support of additional funding for libraries.

6. Leave on a Positive Note

As you wrap up the conversation, make sure you repeat one last time what action you hope the legislator will take and then thank them for meeting with you and their past support for libraries. Also make sure you leave them any written material you brought that backs up you point of view.

7. Follow-Up

Follow-up is key to successful grassroots advocacy efforts. The meeting facilitator should send a thank you note to the legislator for meeting with them and include any additional information the legislator requested. A record of the meeting should be sent to NYLA’s Executive Director (director@nyla.org) for follow-up in Albany, so we know which Legislators have already been spoken to and who needs further attention.
Dear Assembly Member,

Thank you for taking the time to meet with our group of library supporters on Library Advocacy Day, February 27th 2019. We appreciate the interest and the feedback that you were able to provide. We know that you are facing the very difficult challenge of getting New York moving forward on a stable fiscal platform, and we want you to know that New York’s libraries and library systems are now, and will continue to play, an important role in that process.

We know that you understand that libraries are essential for all New Yorkers for the work they do every day in employment assistance, small business support, early childhood education, and connecting all New Yorkers to the digital world. We know that you appreciate that library systems are the foundation of the network that connects all New York’s libraries to all New Yorkers. We need your help to ensure that libraries and library systems are able to continue to serve as models of resource sharing and collaboration, and that they are supported at realistic and appropriate funding levels.

We urge the Assembly to demonstrate that they value New York’s libraries by advocating for an increase in statewide library aid. We look forward to supporting you and your Assembly colleagues in making a positive difference for libraries in this year’s budget negotiations.

If you have questions or would like to visit any of our member libraries to witness for yourself the transformative work being done in your district every day, please feel free to contact me and I will be happy to make those connections for you.
Thank you for your caring and committed service to your constituents and most of all thank you for your support in our efforts to keep libraries and library systems working for all New Yorkers.

Sincerely,

Generic Thank You Letter (Senate Bullet Aid)
November 10, 2018

Senator
Room 123 LOB
Albany, NY 12248

Dear Senator,

On behalf of the Board of Directors of the [library name], I want to thank you for providing $[amount] of funding via FY2019-20 Bullet Aid.

This funding recognizes the important role that [library name] plays in our community, from helping people to find jobs to offering free cultural programs and reading materials to families looking to save money.

Your support demonstrates that your understanding that the library serves as a cornerstone of the community, and that it can continue to thrive only if provided with adequate funding.

We look forward to working with you during the 2020 Legislative Session to advance the library community across New York State.

Sincerely yours,
