Rockwell Falls Public Library Strategic Plan 2018-2023

The Rockwell Falls Plan of Service was developed and approved by the Hadley-Luzerne Public Library's Board of Trustees. It has been reviewed, revised and adopted by Rockwell Falls Public Library's Board of Trustees after the library was recharted by the NYS Regents on May 4, 2020.

Mission

Recognizing the dynamic nature of our community the Rockwell Falls Public Library's mission is to provide opportunities for lifelong learning and leisure. We enrich the lives of our neighbors by offering relevant resources, a supportive staff, and a welcoming place for our community to come together.

Vision

Our collection will be central to the interests of our neighbors and patrons. We will offer programming and experiences to meet the desire of our towns, allowing them full participation in economic and cultural growth. The Library will offer a place for quiet reflection and meaningful conversation. We recognize insight and discovery often begin in the pages of a book, and we will always provide a space where they both are possible.

The Rockwell Falls Public Library is a member of the Southern Adirondack Library System.

Executive Summary

Over the past year a comprehensive strategic planning process has been undertaken.

The planning process asked community stakeholders to identify the needs of the community served by the library and the ways in which the library can best meet those needs. The process also included an analog "ask exercise survey" (developed by the Harewood Institute for Public Innovation) of the residents of both Warren and Saratoga Counties, to which a total of 158 individuals responded.

Phase one involved assessing our place in the community and what we want to provide for the individuals who live here. Phase two is where we were actually able to get the feedback we needed. For several months we have been gathering information via our "Let's Have a Chat" program. This program was designed to engage the library and our community in a conversation about - well - our community. We discussed how our library is quite unique. We serve the circulation needs of towns in Saratoga and Warren Counties; Hadley, Lake Luzerne, Stony Creek, Day, and parts of Corinth by working collaboratively within the Southern Adirondack Library System.

During this phase we conducted workshops with the library board of trustees, local community leaders, local business owners, and specialty educational groups to include homeschooling parents.

In the third phase we compiled our data from the "ask exercises" which we executed via active "community conversations." We used this information to create our strategic goals which will cover the next five years.

The outcome is a combination of ideas and effort by the planning committee and the library staff. I would like to extend a great thanks to them for all of their work in making this strategic plan a reality.
